and corroborated his chief in particular. Then Margulles was an and admitted having sold the book acstion to Comstock, and of having sold the book acstion to Comstock, and of having sold the book acstion to Comstock, and of having sold the book acstion to Comstock, and of having sold the book acstion to Comstock, and of having similar books in his possession.

i-Senator McCarren summed up fly, calling attention to the fact that client had an artificial leg and had client had a martificial leg and had client press of business demanded that she give the best portion of her attention to her pulsar practice. She was graduated from the University of California in 1873, and is a member of the Kings County Medical Society. She was a special vaccinator and physician on the Summer corps before being appointed to a regular inspectorship in December last.

Dr. Annie M. Brown, of 576 Bedford avenue, was graduated from the Women's Medical College, New York, in 1880. She, too, is a member of the Kings County Medical Society. She was appointed as a regular inspector in February last from the Cycil service list by Commissioner Emery.

regular inspector in February last from the civil service list by Commissioner Emery.

Dr. Frances Peele, of 220 Schermerhorn street, and Dr. Elia M. Martin, of 461 Halsey street were appointed special vaccinators by the Commissioner early in the present week.

Since women were appointed as regular inspectors they have been placed on the same footing as men. They receive the same pay, \$1,209 a year, and are expected to render equal service.

During the present small-pox scare they are preferred to men as vaccinators. When men were assigned to vaccinate the young women in the Girls High School the fair pupils, their parents and friends protested, and the services of these five women doctors proved very acceptable. The sanitary inspection of the city is conducted on the district plan. One inspector is assigned to each district.

A tenement-house patient is taken A tenement-house patient is taken the hospital at once, the place dish-ed and the innates quarantined, en a case is found in a private house patient is sometimes allowed to re-a at home, isolated from the rest of family.

main at home, isolated from the rest of the family.

The Inspector, whether man or woman, is obliged to visit every tenement house in his or her district, and to carefully examine its sanitary condition and the health of its immates. In speaking of the experience of the women inspectors in the discharge of their duties, Dr. Pray speaks as follows:

"When I was ever in the Fourteenth I was over in the Fourteenth the I was over in the Fourteenth District, I was obliged to visit house in the ward. They are all tenement-houses, too. With a cew exceptions I was treated with reatest consideration. The same be said of our treatment at the Board and out of it.

"I do not remember a single inspection have made where the fact that I was woman engaged in that kind of work and the slightest difference. I have ttempted to locate concealed cases of mail-pox and have met with opposition, of because I was a woman, however, ut because I was an inspector."

"On one occasion a man threatened to throw me downstairs, but we work so much in sympathy with the police that an officer was on hand in a very few minutes and the inspection proceeded.

"We do not place a quarantine on a house ourselves. We telephone head-quarters as soon as a case is leastern." nouse ourselves. We telephone head quarters as soon as a case is located The quarantine is ordered from there."

BOOK THIEF CAUGHT. He Is George B. Dennett, Twice

Convicted of Shoplifting. George B. Dennett, alias George Bennett, a twice-convicted shoplifter, charged with stealing books from variin the Jefferson Market Police Court to-day for trial at General Sessions, on the complaint of E. T. Dutton & Co., of 31 West Twenty-third street.

For some months Dennett has been selling books to S. B. McClave, 13 Cooper Union and 778 Broadway. The books were in broken lots, odd volumes, and as they were all new, Mr. McClave became suspicious. He bought, two weeks ago, two volumes of the "Essays of Ella," and when he went to Dutton's he found that they had been stolen.

The publishers went to Inspector McLaughlin, and he detailed Detective Murphy and Roundsman Meehan on the case. For some months Dennett has been

Murphy and Roundsman Meehan on the case on the thickers, Lickawaraa and Western coal in the mealows archient several mentals are sometimes at this place in honor of an another volume at the place in honor of the supposed thief who was seen about the store, Detective Murphy arrested Dennett in his room at 322 West Eighteenth street, last night. In his room were found a lot of books the proposed them are covered as stolen from Putnam's, including several volumes of an edition delive of "lien Hur," stolen from Randolph, 185 Fifth avenue.

Dennet is a neffeminate man, and known among his associates as "Miss Madge."

BIG STREET RAILWAY DEAL Eighty Miles of Road in Detroit

Acquired by Jerseymen. Thomas Nevins & Son, of Orange, N. have, it is said, signed a contract for the purchase of a street railway system in Detroit, Mich., which is eighty miles in length, thirty miles of which are trol-

leved.
The contract price is \$3,000,000, represented by \$4,000,000 stock and \$4,000,000 bonds. It is said a company will be organized with a capital of \$10,000,000 to operate the system. Two Kentucky Men Tired of Life

illy Associated Press.)
